

Evaluating Multiple Sclerosis (MS) Benefit Offerings For Employees

As you are evaluating annual benefit offerings for your organization, it's important to ensure that your employees with chronic diseases like MS receive the coverage they need. Consider the following questions to support your assessment of health plan and PBM offerings in this area.

1 Understand the impact of MS on your organization.

Questions to Consider

- 1. Do you know how many employees in your organization are affected by MS?
- 2. Do you routinely evaluate these needs?

Support Resources

- Understand the prevalence of MS within your organization by completing the MS Estimator
- Access the Employee Care Partner Survey

2 Identify gaps in MS management.

Questions to Consider

- 1. Are your employees with chronic diseases such as MS aware of their legal rights and access to special accommodations?
- 2. Do you offer MS-specific education and support offerings for your employees?
- 3. Are there opportunities to expand your MS educational and support offerings?

Support Resources

- Watch "How To Manage an Employee's Chronic Disease Disclosure in the Workplace"
- View MS Employee Resources
- Understand the educational resources offered by your PBM/health plan

3 Evaluate benefit offerings from your health plan and/or PBM.

Questions to Consider

- 1. Does your health plan offering account for your employees with MS?
- 2. Are you aware of how your health plan or PBM manages the MS class of medications?
- 3. With a growing number of treatments, do you anticipate changes to how the class is managed (i.e. maintain open access or become more restricted)?
- 4. Does your pharmacy benefits strategy impact an employees' ability to access MS treatments?

Support Resources

- Listen to MS Work Space Podcast Episode MS By the Numbers: The Financial Realities of MS for Employers & Employees
- Discuss with your Employee Benefits Consultant
- Contact your PBM or health plan

4 Formalize your plan.

Questions to Consider

1. As you conduct your annual review of formulary and health plan offerings, is there anything you can do to help improve coverage and support for people with MS?

- Contact your PBM or health plan

The Impact of MS

Affects nearly 1 million people in the U.S.¹

In a 2013 analysis, MS ranked second in direct all-cause medical costs for chronic conditions²

Each patient with MS varies in disease presentation, progression, and response to treatment

Disproportionately impacts working-age women¹
